The Literature That Shaped Modern Periodontology
Kornman KS, Robertson PB, Williams RC

*J Periodontol* 2014;85:3-9

The following references should have been included among the “Consensus Papers of Importance” cited under Theme 11 (Treatment of Periodontitis: Dental Implants Can Be Effective Replacements of Periodontally Involved Teeth in Most Cases) on page 9:

This has been corrected in the online version of the paper.
