We are pleased to announce that Charles Hildebolt has been appointed Associate Editor for the Oral Radiology section of *Oral Surgery, Oral Medicine, Oral Pathology, Oral Radiology and Endodontology*. Dr. Hildebolt received a BS and DDS from Ohio State University and a masters and PhD in Physical Anthropology at Washington University–St. Louis, where he is a Professor of Radiology (Mallinckrodt Institute of Radiology) and Adjunct Professor of Anthropology. He is an adjunct Clinical Associate Professor Saint Louis University Center of Advanced Dental Education and a statistical consultant for Southern Illinois University School of Dental Medicine. He is a member of the American Association of University Professors, American Association of Physical Anthropologists, American/International Association for Dental Research, American Dental Education Association, International Association of Dento-Maxillo-Facial Radiology, Radiological Society of North America, American Academy of Oral and Maxillofacial Radiology. He is the past Councilor for Educational Affairs and is the current Treasurer of the American Academy of Oral and Maxillofacial Radiology. He serves on the editorial boards of *Dento-Maxillo-Facial Radiology*, *Calcified Tissue International*, and the Oral Radiology section of *Oral Surgery, Oral Medicine, Oral Pathology, Oral Radiology, and Endodontics*, and is an ad hoc reviewer for 14 other journals. He has reviewed grant applications for the National Institutes of Health, Whitaker Foundation, United States Army, National Science Foundation, British Columbia Health Care Research Foundation, and Hospital for Sick Children Foundation, Sheffield Hospitals Charitable Trust, Wellcome Trust, and Canadian Institutes of Health Research. He is a co-author on 176 peer-reviewed publications. His research interests are in the area of diagnostic radiology, the application of imaging techniques to the study of fossil hominins, and the effects of vitamin D on periodontal disease.

William C. Scarfe

Section Editor, Oral and Maxillofacial Radiology
